ANISH KUMAR PANDIT

FRONTEND DEVELOPER | JUNIOR FRONTEND DEVELOPER

New Delhi, India | 6202216397 | anishkr8594@gmail.com

Portfolio | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Fresher Frontend Developer skilled in HTML, CSS, JavaScript, and React.js, with hands-on experience building responsive and interactive web projects. Developed projects like Streamflix, Mini Music Player, React Quiz App, and Student Profile Portal. Eager to learn new technologies, improve development skills, and contribute to building user-friendly websites.

TECHNICAL SKILLS

Core Frontend: HTML5, CSS3, JavaScript (ES6), React.js
Frameworks & Build Tools: Next.js (Basic), Vite, Tailwind CSS, Bootstrap, TypeScript
APIs & Data: Supabase, TMDB API, iTunes Search API, JSON, API integration
Development Tools: Git, GitHub, Netlify, Vercel
Design & UI: Responsive Web Design, UI/UX principles, Adobe Photoshop

PROJECTS

STREAMFLIX | Movie Browsing Web App

Technologies: Next.js, React, TypeScript, Tailwind CSS, Supabase, TMDB API

- Built a movie browsing web app with movie content and user-facing features.
- Used TMDB API for movie data and Supabase in the application stack.
- **Live project:** https://streamflix-snowy.vercel.app/home

Mini Music Player

Technologies: HTML, CSS, JavaScript, iTunes Search API

- Created a music player with music search, track artwork, and playback controls.
- Integrated the iTunes Search API to retrieve music and artwork information.
- **Live project:** https://liquidglass-music-player.vercel.app

React Quiz App

Technologies: React.js, JavaScript, Tailwind CSS, Vite, JSON

- Developed an interactive quiz app where users answer questions and see their scores instantly.
- Used React components and JSON-based question data.
- **Live project:** https://anish-quiz-app.vercel.app

Student Profile Portal

Technologies: React.js, Vite, Tailwind CSS

- Created a responsive portal interface to show student information in an organized layout.
- Used frontend components and Tailwind CSS for a clean user interface.
- **Live project:** https://student-profile-lyart.vercel.app
